

telephoned that the French had reached Fort Donnau and were calling out its entrance. French officers waited with confidence for the next word.

"We have surrounded Fort Donnau," came a message at 5 o'clock. For an hour we peered out over the distant horizon, at the alert at the same time for some news from the telephone. Suddenly sharp gusts of wind stirred the mists and the smoke clouds, revealing the triangle of France floating at the summit of Donnau. At the same moment Fort Donnau flashed the word that Donnau had been captured. It was then 6 o'clock.

It had been accomplished in a little more than six hours. A French General, speaking English, drank a toast to America, which he declared to be the greatest stroke for the rights of humanity. He proudly showed a laurel wreath on the heroic defenders of Verdun by two Americans, the Baroness Muro and Mrs. Diefenthaler, both of New Canaan, Conn.

## FRENCH AND SERBS GAIN IN MACEDONIA

Greek Situation Is Cleared and Serail Can Now Push His Offensive.

PARIS, Oct. 26.—French cavalry on the Macedonian front, supported by infantry, occupied two villages southwest of Lake Doiran yesterday. The Serbians threw back the German and Bulgarian forces in the region of the Cerna river.

ROME, Oct. 26.—As the result of fresh guarantees to the King of Greece, the situation at Athens has cleared completely, and there is nothing now to prevent Gen. Serrail from prosecuting a vigorous offensive, said Athens advices today.

## MRS. SANGER ARRESTED AT BIRTH CONTROL CLINIC

Mrs. Margaret Sanger, champion of birth control, was arrested this afternoon at No. 46 Amboy Street, Brooklyn, while holding a private clinic at which there were about thirty women. Miss Fannie Mindell was arrested with her for aiding and abetting her in the incitement of her doctrine. The names of the women present were taken by the police, after which they were permitted to depart.

Mrs. Sanger, the police say, has been holding daily sessions on birth control since Oct. 15. Mrs. Margaret Whitehurst, a detective, visited the place a few days ago and paid \$2 for advice. When the raid was made this afternoon the two dollar bill was found in a frame labelled, "Detective's Money."

## SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath, or stomachache, it's your liver. If you have skin, muddy complexion, watery eyes, all denote liver uncleanness. Your liver is the most important, also the most abused and neglected, organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent cathartics, which is a dangerous, salivating chemical, which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and cleanse the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not re-stimulate the diet like calomel, because it cannot salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleanse, stimulate and freshen the liver, keeping you feeling fit day in and day out.—Adv.

## CERNAVODA BRIDGE BLOWN UP AS THE ROUMANIANS FLED

Greatest Span in Europe Made Useless for Mackensen, Says Berlin Despatch.

TROOPS OUT OF TRAP.  
Berlin Says Part of Russo-Roumanian Army Escaped From the Teutons.

BERLIN, via wireless to Sayville, L. I., Oct. 26.—"Roumanian troops have blown up the great bridge over the Danube at Cernavoda," said an official statement from the War Office this afternoon announcing further progress for Mackensen's armies in Dobruja and new advances against the Roumanians on the Transylvanian front.

The destruction of the bridge—the largest in Europe—proves the importance of the Roumanians attack to the German victory, which opened the way for an invasion of Roumania, it was said.

"On the Transylvanian front, in the Trosul valley, Austro-Hungarian troops defeated their Roumanian adversaries, and on the heights south of Paroltz the Bavarians defeated the Roumanians," it was announced. "On the roads to Sinsla and Campolung our attack gained ground. Our airships successfully bombed railroad near Tetelet, west of Cernavoda."

It is announced that a large part of the Russo-Roumanian army escaped from von Mackensen by fleeing across the Cernavoda bridge before it was destroyed.

LONDON, Oct. 26.—The victorious sweep of Mackensen's armies in Dobruja has been checked, at least temporarily, official despatches from Berlin, Sofia, Petrograd and Bucharest indicated this afternoon.

The Roumanians have blown up the fourteen-mile Danube bridge at Cernavoda, thus blocking an immediate invasion of old Roumania. The German War Office, announcing this fact this afternoon, declared it evidenced Roumania's fear of a German sweep toward Bucharest. SOFIA, Oct. 26.—Heavy taken at Constantza included 500 trucks, several locomotives, numerous reservoirs of petrol, nearly all full, sheds and warehouses full of supplies and 300 Turkish barges detained in the harbor, it was officially announced today. The first division of Bulgarian infantry captured Cernavoda yesterday morning.

## BRITISH ON SOMME UNDER GERMAN FIRE

London Reports Raids on Enemy Northeast of Arras and Near Monchy.

LONDON, Oct. 26.—"During the night," says today's British official statement, "the enemy shelled heavily our front between Eaucourt L'Abbaye and Lesbouffers and in the neighborhood of the Sturt and Zolner redoubts north of the River Somme (France)."

"We successfully raided enemy trenches near Monchy, and also northeast of Arras. Considerable damage was done and prisoners were taken."

"Our artillery bombardment efficiently held under fire the trenches, batteries and establishments of the enemy on both sides of the Somme yesterday."

"Our positions on the north bank of the river were covered by the enemy with strong bombardment which prepared the English for partial advances to the north of Courcellette, Le Har, Guedecourt and Lesbouffers. Some of these attacks succeeded. They only caused new sacrifices to the enemy."

## NORWEGIAN SHIP TAKEN BY CRUISER TO GERMAN PORT

London Press Declares U-Boat Raids May Bring Norway Into the War.

LONDON, Oct. 26.—It is now reported that the Norwegian mail steamship from Bergen for Newcastles, which, according to advices received yesterday, was stopped by a German warship, has been taken to a German port, although it had no cargo on board.

The Norwegian mail steamships form a connecting link between England and the Scandinavian countries and Russia. They carry many American and American mail, official and otherwise. Although several of the steamers have been searched this is the first instance in which the actual seizure of one of these has been reported.

According to the Daily Chronicle, "German submarines have been running amuck among Norwegian trading vessels, sinking and capturing them practically as if Germany and Norway already were at war."

The present crisis arose over Norway's declaration after the U-33 began its activities off the American coast, forbidding the navigation of her territorial waters to all foreign submarines.

Germany is said to have sent a minatory note to Norway, and pending its answer, has been attacking Norse shipping.

BERLIN, Oct. 26 (by wireless to Sayville).—The Admiralty today made the following announcement: "In the month of September 141 hostile merchantmen, with an aggregate tonnage of 182,000, were sunk or brought in by submarines of the central powers, or destroyed by mines. Thirteen captains of hostile ships were taken prisoner and three cannon of armed steamers were captured. In addition, 39 neutral merchant ships, of an aggregate of 72,600 tons, were sunk for carrying contraband."

## BRITISH SHOULD ACT ON U-53 RAID, HE SAYS

Beresford Tells House of Commons United States Ships Were Not Quite Neutral.

LONDON, Oct. 26.—The activities of the German submarine U-53 near the American coast and the general question of the relations of the United States to submarine warfare are matters to be considered between the American and German governments, said Foreign Secretary Grey in the House of Lords today.

He deprecated discussion of these questions and said it was for the American Government to decide on the policy and action required by the circumstances of the case.

Baron Beresford stated that the action of American ships did not appear to be quite within the bounds of neutrality, and that he thought the British were bound to take notice of this fact.

"PRAYER FOR OUR COUNTRY" IS WASHINGTON'S PRAYER

Episcopalians Adopt It at Convention—Negro Bishops May Be Created in Negro Dioceses.

ST. LOUIS, Oct. 26.—The House of Deputies of the Protestant Episcopal General Convention today adopted an amendment to the constitution authorizing provincial synods to elect suffragan bishops for any diocese in the province to have authority over any particular race. This will provide for the selection of negro bishops for negro dioceses.

The House, in considering prayer book revision, adopted the prayer of George Washington, when he gave up the command of the Continental Army, as "a prayer for our country."

## BATTERY B RETURNS FROM MEXICAN BORDER

Men Look Fit After Two Months' Duty in Texas—Greeted by Large Crowds.

Looking fit after two months' duty on the Texas border, Battery B of the First Field Artillery, N. G. N. Y., returned today, headed by their captain, Walter C. McClure.

The 157 men marched, from Camp Brown Street ferry to Fifth Avenue, then north to Fifty-seventh Street and Broadway, thence direct to their armory at Sixty-eighth Street. Crowds along the route cheered the bronzed men and relatives and friends waited at the armory.

The battery formed part of the forces assigned to McAllen, Texas, when the orders to return to the "home station" was received. The battery was engaged at target practice at Le Gloria.
